

Jane Snedden Peever's Art Material Suggestions

PENCIL - I use a mechanical one with a lead of 0.5mm as well as a normal HB

ART PEN - Sharpie, Microns, FaberCastel Artist Pitt Pens all work great. A medium to fine tip is good. A range of tips helps when you are inking and want different line widths

COMPASS - available at any art supply or business supply store.

RULER - regular 12" length. I like a clear ruler so I can see my work underneath.

ERASER - normal white eraser. I also like using a putty eraser as I can shape to get into small areas.

PAPER - I use regular 8 1/2" x 11" copy paper that works in my printer.
